

ABOUT ME

Proficient React Developer with over 4+ years of experience in developing dynamic, user-friendly web applications. Expertise in React.js, Redux, Context API, and state management. Adept at API integration, agile methodologies, and collaborating with cross-functional teams to deliver high-quality software solutions.

EXPERIENCE

MANCH TECHNOLOGY — React Frontend Developer

May 2024 - Present | 1.5 Year

- Developed a dynamic form builder using React-DND for drag-and-drop functionality.
- Created reusable UI components to enhance scalability and maintainability.
- Implemented state management using Context API to optimize performance.
- Utilized Material-UI for a consistent and user-friendly design

WIPRO LIMITED — Project Engineer

October 2021 - May 2024 | 2.7 Years

- Developed and integrated pixel-perfect React applications with a strong focus on performance and scalability.
- Utilized React Hooks, Redux, Axios, and Ant Design to enhance UI components.
- Collaborated with the backend team to design RESTful APIs and optimize data flow.
- Implemented agile methodologies, participated in sprint planning, and managed client expectations.

SKILLS

Frontend: React.js / JavaScript / TypeScript

State Management: Redux / Context API

Styling: HTML / CSS / Styled-Components / Material-UI / Ant Design

APIs & Tools: REST API / JSON / Axios

Version Control: GIT / GitHub

PROJECTS

E-Commerce React App [Project Link](#)

- Developed a fully functional shopping web app with RESTful API integration.
- Implemented CRUD operations in the admin dashboard.
- Designed secure authentication with bcrypt for hashed passwords and JWT tokens for login.

Dynamic React Web App [Project Link](#)

- Built a feature-rich web application with React-Router-Dom for seamless navigation.
- Integrated Framer-Motion for smooth animations and user interactions.
- Used styled-components for a modular and maintainable UI design.

EDUCATION

Bachelor’s in Engineering CGPA: 8.0
St. Thomas College of Engineering and Technology, Kolkata (2017-2021)
